

Poultry News

Well, the exhibition won out and the annual exhibition of the New Jersey Association for Poultry Improvement will be held in Sebring's auditorium about the first of December. The time of holding the show is with the Show Committee.

The meeting of the association last week was largely attended, and while the sides put up a lively argument, the nature prevailed and after the show was taken each and every member signified a willingness and desire to work in unison and make the first year a success. It was unanimously decided that the following committee be in charge of the show and every necessary, under the supervision and guidance of the executive committee. Joseph R. Weaver, chairman; R. G. Slorah, J. R. Lindley, O. R. Pearson and G. H. Whitely. Work will be started at once and no stone will be left unturned to make this show a success in every particular. The secretary of the association will also act as secretary of the committee, and any member who has any suggestion or plan to offer please let him know. It will require a lot of hard work and hustling on the committee in charge are well pleased to fill their duties.

One long pull for the show, boys! Never mind! "Bob" Armstrong (Charles) Singer will be there to help on when it comes to the show. Both were for Newark, but the show follows will fall in line just the same.

Hilary Watts, assistant secretary of the association, is a busy boy this season. Besides getting out a large lot of his Barred Rocks, Hilary and his brother, Ruskin, are up early and planting fruit trees and shrubs in the new farm. Hilary will have a bird summer, building houses and sheds, after which he will leave for help, out where he takes a course poultry culture at the college in that place.

J. W. Davis, of the "Big Woods," sports a corking good hatch in his incubator. He put in 138 eggs, test-out 28, and hatched 94 chicks.

Charlie Shafer also had some good luck with his incubator. He placed 105 of his Orpington eggs in the machine, tested out 10, and hatched 30. He is going good.

Judge George Truesdale and Mrs. Truesdale, of Rochester, N. Y., part of Mrs. S. R. Clarke, and Mr. V. Clarke, of Philadelphia, a brother Mr. Clarke, were visitors at Harmony Park over the week end. All were very much impressed with the poultry plant and, like all who journey up on Springfield Road, hate to see the "Harmonics."

Without doubt the finest small hen in New Jersey is over on Embree Crescent. If W. H. Taverner doesn't have big luck this season then a person ever will succeed. It is pretty ideal in every particular and a magnificent condition of all the flocks speaks praise for the running of the place and general conditions. Separate your cockerels and pullets and get ready for the fall show. Don't force your birds, but see that they get good wholesome food. Weed all the old hens and get rid of

them. Keep those that are worth holding over and pay strict attention to getting together a good flock of pullets.

HIGH SCHOOL HOLD ANNUAL DANCE

"Wa" and Banners Presented to the Varsity Teams and Classes. The annual dance of the Westfield High School Association was held last Friday evening in the auditorium of the Washington School building. About fifty couples were present and an enjoyable time was had by all.

After the awards were given to the various players, Miss Marian Tice, in behalf of the Girls' Association, presented Mr. R. E. Martin with a Gladstone bag, as a token of their appreciation of his work for the girls' team.

EPWORTH LEAGUE ENTERTAIN. Coming in a special car and over a hundred strong the members of the Epworth League of St. James Church, Elizabeth, were the guests of the League of the local church on Monday evening. The regular business was suspended and the entire evening devoted to the social. The evening's program was as follows: Selection, orchestra; welcome, Rev. Dr. A. W. Hayes; violin solo, H. F. Welch; talk, Mr. Atkins; selection, orchestra; recitation, Miss Laura Galambos; solo, Miss Dorothy French; selection, orchestra.

The novel refreshments were served by ladies in costume, lemonade and home-made cookies were served by Colonial Dames and tea and rice cakes by Gelsner Girls, their pretty costumes were the subject of much favorable comment.

Rev. C. C. Woodruff, of Elizabeth, accompanied the members of his church, and after the evening was over he spoke in the highest terms of the splendid work the Westfield contingent were doing.

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address P. J. "Try the Lace Store First"

Several times during last season we used the phrase "Try the Lace Store First" This is a very good and suitable one and if you will remember it the next time you start out to shop you will save yourself

TIME, PATIENCE AND MONEY

We have often had visiting merchants tell us that they were much surprised to learn what complete stocks were handled at this store. Of course it requires a great deal of thought and hard work on our part to keep our assortment so complete. We have always aimed to do this, however, and you may depend upon it we shall never leave off trying to keep what you ask for in sufficient quantities to enable you to choose with ease and satisfaction.

BUILDING FROM THE GROUND UP

There are stores and stores—all kinds of stores—good stores and bad stores—perhaps most of them good. And pretty nearly every store has a different way of doing business—different ideals, different ethics, different conceptions of their duty toward the public, different notions about profits, different methods of advertising, different methods of conducting sales.

And this is one of the stores that is very much different from a good many others that you know. We have built from the ground up. We have based this business on HONEST REPRESENTATION, HONEST MERCHANDISE and HONEST METHODS.

We have had an idea that it not only pays to treat the public fairly and to be of genuine service to the community, but that it was right and proper to do so. We have believed in the fair pricing of goods. We have tried to sell on as close margins of profit as were consistent with good business and a desire to live. We have shunned false representations. We have been careful in our advertising, so that we might not deceive anyone. We have willingly exchanged goods when they were unsatisfactory, holding that no purchase was completed until satisfaction was assured.

On this basis we have built this great business, which is growing greater day by day. It rests on a secure foundation—one that will endure throughout the year, no matter how much may come in the way of competition.

We are striving to make it a greater store as the months roll around, and this spring is seeing us make greater efforts than ever to satisfy our public. We will be glad to have you come often that you may know how well we are pleasing our patrons.
